Professional Summary

Dedicated and detail-oriented **Multi-NDT PCN Level II Technician** with over **4 years of industrial inspection experience** in Singapore. Specialized in **Radiographic Film Interpretation (RTFI), Magnetic Particle Testing (MT), and Liquid Penetrant Testing (PT)** for Oil & Gas, Petrochemical, Marine, Construction. Experienced in weld defect evaluation, quality assurance, radiation safety, inspection documentation, and compliance with international inspection standards. A strong team player committed to delivering accurate inspection results while maintaining the highest quality and safety standards.

Core Competencies

- Radiographic Film Interpretation (RTFI)
- Magnetic Particle Testing (MT)
- Liquid Penetrant Testing (PT)
- Weld Defect Evaluation
- Inspection Reporting & Documentation
- Quality Assurance & Quality Control (QA/QC)
- Radiation Safety Compliance
- Film Digitization & Archiving
- Equipment Calibration Verification
- Defect Analysis & Acceptance Criteria
- Technical Documentation
- Team Collaboration & Communication
- Problem Solving & Analytical Skills

Technical Certifications

- PCN Level II – Radiographic Film Interpretation (RTFI) | PCN No. 350570
- PCN Level II – Magnetic Particle Testing (MT) | PCN No. 350570
- PCN Level II – Liquid Penetrant Testing (PT) | PCN No. 350570
- NEA Singapore R1 Radiation Worker License | R1/2023/10868

Professional Experience

Cutech Process Services Pte. Ltd., Singapore

Multi-NDT PCN Level II Technician

Apr 2026 – Present

- Conduct Radiographic Film Interpretation (RTFI), Magnetic Particle Testing (MT), and Liquid Penetrant Testing (PT) for industrial inspection projects.
- Interpret radiographic films to identify cracks, porosity, slag inclusions, lack of fusion, incomplete penetration, and other welding discontinuities.

- Evaluate inspection results according to applicable project specifications and acceptance criteria.
- Prepare accurate inspection reports with defect locations, dimensions, and observations.
- Ensure equipment calibration records are maintained and comply with radiation safety regulations.
- Coordinate with QA/QC engineers, inspectors, and production teams to achieve quality objectives.

A-Star Testing & Inspection (S) Pte. Ltd., Singapore

Multi-NDT PCN Level II Technician

Jun 2022 – June 2025

- Performed Radiographic Film Interpretation (RTFI), Magnetic Particle Testing (MT), and Liquid Penetrant Testing (PT) on industrial projects.
- Interpreted radiographic films to evaluate weld quality and identify discontinuities.
- Digitized and archived radiographic films using the Array 2905 Laser Film Digitizer.
- Prepared comprehensive inspection reports for client review and documentation.
- Maintained inspection equipment and ensured compliance with radiation safety procedures.
- Worked closely with clients, supervisors, and QA/QC personnel to maintain inspection quality standards.

Industrial Project Experience

Worked on inspection activities involving:

- Oil & Gas Facilities
- Petrochemical Plants
- Marine & Offshore Structures
- Construction Projects
- Pressure Vessels
- Storage Tanks
- Process Piping Systems
- Structural Steel Fabrication
- Welded Components & Assemblies

Inspection Scope :

- Radiographic Film Interpretation (RTFI)
- Magnetic Particle Testing (MT)
- Liquid Penetrant Testing (PT)
- Weld Defect Evaluation
- Inspection Documentation
- Film Digitization & Archiving
- Radiation Safety Compliance
- Equipment Calibration Verification

Software & Computer Skills

- AutoCAD
 - Microsoft Office
 - Microsoft Excel
 - HTML
 - CSS
 - JavaScript
 - Adobe Photoshop
-

Codes & Standards (Knowledge)

- ASME Section V
 - ASME Section VIII
 - ASME Section IX
 - ASME B31.3 & B31.1
 - AWS D1.1
 - API 650
 - ISO 10675-1 & 2
-

Education

- Diploma in Mechanical Engineering (Pursued) – Col. D.S. Raju Polytechnic, Poduru, Andhra Pradesh
 - SSC (2017) – ASRZP High School, East Vipparru, Andhra Pradesh (75%)
-

Additional Skills

- Strong Analytical Skills
 - Excellent Teamwork
 - Effective Communication
 - Adaptability
 - Time Management
 - Attention to Detail
 - Continuous Learning
